

Measure 3. Candidate Competency at Completion.

The following table provides information on the ability of advanced level licensure (EdS) candidates to pass a state required Praxis exam. These data are specific to the current completer year (2020-2021) for the CAEP Annual Report. State licensure and national certification as a school psychologist (NCSP) applicants must achieve a passing score of 147 or higher. All program completers received Praxis scores that exceeded the state minimum for licensure. Further, all program completers were recommended for licensure.
